

The Armtech range of Motorsport Electronics has been proven in competition worldwide over many seasons. Simple half-speed setting with just a single button press ensures quick and safe setup of all units. Rugged design and construction ensure reliability.

## REV LIMITER COIL CLIP

The Coil Clip Rev Limiter provides effective protection against over revving of performance engines. The unit is mounted directly onto a single cylindrical coil by the inbuilt coil clip.

|             |        | RETAIL | INC VAT        |
|-------------|--------|--------|----------------|
| Single Coil | 15RL01 | £85.00 | <b>£102.00</b> |

## REV LIMITER PANEL MOUNT

The Panel Mount Rev Limiter provides effective protection against over revving of performance engines. Available in both single coil, and twin coil for use on 4 cylinder twin coil (DIS) systems.

|             |        | RETAIL | INC VAT        |
|-------------|--------|--------|----------------|
| Single Coil | 15RL02 | £85.00 | <b>£102.00</b> |
| Twin Coil   | 15RL03 | £90.00 | <b>£108.00</b> |

## REV LIMITER FULL THROTTLE SHIFT

A high performance Rev Limiter which in addition offers Full Throttle Gearshift capabilities. This function limits the engine speed during gearshifts, allowing a gearshift to be made without closing the throttle. The unit is supplied with a clutch switch and in addition can be used with an optional Launch Control Push Switch.

|                       |        | RETAIL  | INC VAT        |
|-----------------------|--------|---------|----------------|
| Single Coil           | 15RL04 | £105.00 | <b>£126.00</b> |
| Twin Coil             | 15RL05 | £110.00 | <b>£132.00</b> |
| Launch Control Switch | 80LC01 | £17.00  | <b>£20.40</b>  |

## SHIFT LIGHT

The Armtech Shift Light allows the driver to change gear at the optimum engine speed every time without having to watch the tachometer. There is a shiftlight LED on the unit, and also a remote panel mountable 5mm ultra-bright LED supplied.

|        | RETAIL | INC VAT        |
|--------|--------|----------------|
| 20SL01 | £90.00 | <b>£108.00</b> |

## SPEED SHIFT

-Shift Up Light    -Shift Down Light  
-Rev Limiter        -Full Throttle Gear Shift

4 functions in one dash-mounted unit. The full solution for engine protection and faster, precise gearshifting. Includes the clutch switch for full throttle gearshift, and can optionally use the launch switch for launch control.

|                       |        | RETAIL  | INC VAT        |
|-----------------------|--------|---------|----------------|
| Single Coil           | 10SS01 | £115.00 | <b>£138.00</b> |
| Twin Coil             | 10SS02 | £120.00 | <b>£144.00</b> |
| Launch Control Switch | 80LC01 | £17.00  | <b>£20.40</b>  |
